Sir:

**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

The U.S. Patent and Trademark Office issued a Notice of Allowance dated 27 January 2010 on this patent application. In the Notice, the Examiner allowed claims 1 through 7 and 13 through 21. The Examiner also paraphrased the claimed invention as part of the stated reasons for allowance. Applicant agrees with the Examiner's conclusions regarding the patentability of the allowed claims, without necessarily agreeing with or acquiescing in the Examiner's reasoning. In particular, applicant believes that the application is allowable because the prior art fails to teach or suggest the invention as claimed, independent of how the invention is paraphrased.

Please contact the undersigned regarding any questions or comments, or if a telephone call would expedite issuance of the patent.

**CERTIFICATE OF E-FILING**

I hereby certify that this correspondence is being transmitted electronically via the U.S. Patent and Trademark Office EFS-Web System on 29 March 2010.
